

Letter of Recommendation:

It was a pleasure to work with Barbara during the education sessions she provided for our PSWs. We received great feedback from them, 'the information was very helpful', 'great presenter, very knowledgeable', 'I can use this right now', to name but a few.

Barbara delivered what she said she would in an enthusiastic, down to earth and practical way which really resonated with our staff.

Our PSWs and clients are already reaping the benefits of taking the Practical Approach to Working with Children, Adolescents and Adults with Autism program.

Highly recommended. Thank you Barbara.

Martin Anslow RPN.
